In response to the Official Action dated March 26, 2003, please enter the following response:

**Remarks**

The Office Action rejected claims 5-24 under 35 U.S.C. Section 112, first paragraph. The Office Action took the position that the claims contained "subject matter not described in the specification in such a way as to enable one skilled in the art ... to make and/or use the invention." The Office Action stated, "The specification lacks clear disclosure of any type of 'feedback' teachings, as recited in the claims."
